NEW FEATURES - 2024

CGM LYTEC
Practice Management and EHR

CGM LYTEC is a trusted and affordable practice management solution that simplifies the way you run your practice.

With each release, **CGM LYTEC** gets better. More powerful. Every year, we add new layers of functionality and usability.

Discover some of the benefits of upgrading to **CGM LYTEC** 2024.

Fully integrated patients statements with eMEDIX

By using eMEDIX for your patient statements, your practice management software and clearinghouse come together under one roof with CompuGroup Medical.

Patient statements are fully integrated with CGM LYTEC 2024— no more logging in to third-party websites to view statements! Designed to be familiar and easy to use, providers can preview statements before transmission.

Review them from within CGM LYTEC to answer any patient questions. With eMEDIX, you can access reports including statement confirmations and undeliverable or changed patient addresses. Adopt the eMEDIX online payment portal and a QR code will appear on your statements to direct patients to the portal.

Combine your integrated patient statements with our industry-leading eMEDIX clearinghouse and consolidate your operations under one trusted vendor.

Integrated patient responsibility estimates

Deliver better service at the point of care with the eMEDIX Patient Responsibility Estimate. Provide a good-faith cost estimate for planned procedures by quickly running a patient's insurance eligibility for the planned procedure codes. Save time with pre-configured Linked Transactions for common procedure bundles.

This integrated feature includes an estimate display within CGM LYTEC 2024 where the user can make any patient or insurance adjustments for coverage, copays, coinsurance, remaining deductibles, etc. Past payments and charge histories are factored in to provide a more accurate estimate. Providers can print and save patient estimates and have the option to tailor them with customizable messaging

Select Statements to Transmit

Account	Responsible Party	Patient	Insurance	Charges	Payments	Balance	Color	Status
☑ ALBURO0000	ALBURO, GARTH L	0.00	25.00	25.00	0.00	25.00	Black	Ready to Send

Copayment Amount	$0.00
Coinsurance Amount	$119.87
Deductible Amount	$0.00
Allowed Amount	$799.15
Total Estimated Patient Responsibility	$119.87

Based on your coverage and our contract with your insurance company we are providing this good faith estimate of your financial responsibility. This amount is not the final bill, which may be more or less, depending on the final determination of coverage and other factors such as service dates, unknown or unexpected costs or procedures performed, complications or special circumstances which may occur that are unknown at this time. This good faith estimate is given to you as a courtesy to allow for planning your payment.

Enhanced eligibility display

Practices with eMEDIX Eligibility will enjoy an updated, more detailed view of a patient's eligibility status.

Microsoft Windows Server 2022 support

CGM LYTEC 2024 has been tested and approved for use with Microsoft Windows Server 2022. Practices should always use up-to-date, fully supported server systems to ensure security and regulatory compliance.
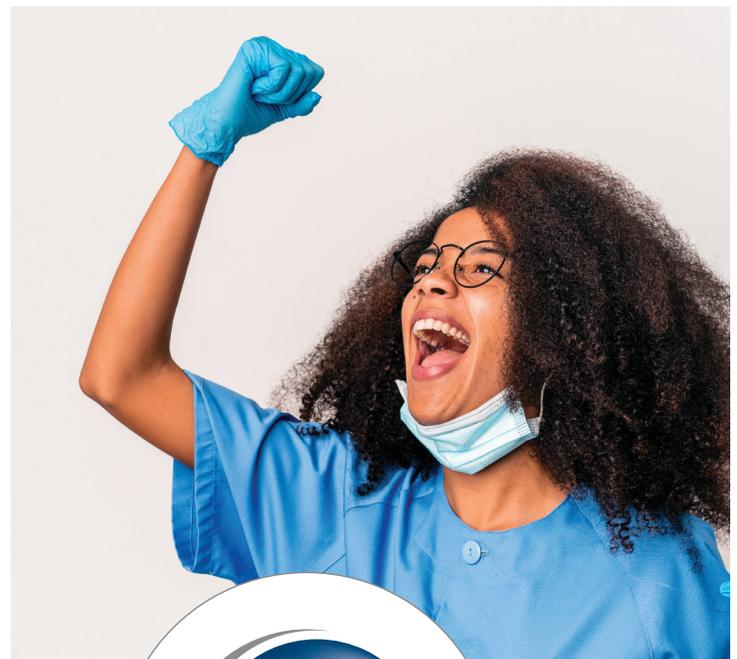

Daily appointment and activity review

With this new review of charges and patient payment and collection activity, providers and practice managers are quickly alerted to possible oversights such as appointments without charges, missed copays, and claims that were not billed.

Providers can measure several core metrics to quickly identify if their practice is meeting collection goals such as expected copays at the time of service or billing for missed appointments.

Practices can identify their percentage of missed appointments and discover if the CGM CONNECTION Patient Relationship Management option could help reduce that no-show rate.

Practices can run this user-friendly appointment and activity review daily or whenever they routinely enter payments and charges.
