

HOME-BASED PRIMARY CARE

CGM APRIMA

EHR and Practice Management

House calls and nursing home visits are back, and providers face a level of complexity office-based practices don't. **CGM APRIMA** simplifies documentation and billing wherever your rounds take you.

Built for the way you actually work in the field

- Send HIPAA-compliant messages quickly and securely to any person or group in the practice
- Bring the medical devices you need for patient care, and document results in real time, on site*
- Add new patients on the fly—useful when a nursing home expands your rounds mid-list
- Group house-call patients by site, geography, zip code, and more

"With CGM APRIMA Replication, I don't have to worry if I have an internet connection or not. When I am back online, all the work for the day is automatically uploaded, and I'm done."

WOUND CARE SPECIALIST

NURSING HOMES AND HOME-BASED PATIENTS[†]

Synchronizing Healthcare

**CompuGroup
Medical**

Work offline, sync up later

- Document patient charts and enter data—handwriting, voice recognition, point-and-click, keyboard—with no network or wireless connection required
- Sync automatically once you're back online—visit data, digital images, orders, and results all transmit through Replication technology

Simplify CCM, CPO, and house call billing

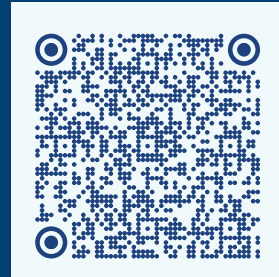

- Track chronic care management and care plan oversight billing built directly into the EHR
- Get suggested billing codes based on your service site, so nothing gets missed
- Chart faster over time as Adaptive Learning picks up your documentation patterns

Supporting the patient journey

With options for your EHR and complementary software and services by CompuGroup Medical, you can support home-based patients well beyond the visit itself.

- Pair with **ARIA Population Health** to monitor chronic conditions remotely between in-person visits
- Reach patients and caregivers with the optional **CGM CONNECTION** for reminders and updates
- Route incoming documents automatically with the optional **CGM INDEX.AI**—hospital discharge summaries, nursing home records, and lab results, sorted and filed without manual handling
- Hand off multisite billing to the experts of our optional **ARIA RCM Services** team
