CGM ENGAGE
ONLINE TRAINING

Web-based and self-paced, CGM Engage is the smartest and fastest way to get your staff trained on your CGM solution.

Benefits to your practice

Pass/fail courses ensure that your staff understands and retains the information, so they can quickly apply the lessons to their daily routines.

- Bring new staff up to speed
- Master the basics or gain advanced knowledge and cross-training
- Accomodate busy schedules with convenient, five-minute lessons
- Train any time with mobile-friendly options
- Improve employee satisfaction and productivity
- Save on cost compared to contracted training hours

Consistency in training ensures everyone on your team is using your system the same way—and correctly.

What's included?

Courses cover everything from administrative setup to scheduling, billing, templates, and more. We're always adding new courses, so your learning opportunities never stop.

Subscribers also enjoy access to helpful training videos, and users of the **CGM APRIMA** system can access regular, live sessions.
