

ELECTRONIC REMITTANCE ADVICE

CGM DAQbilling™

Practice Management Solution

Benefits

The **CGM DAQbilling™** Electronic Remittance Advice (ERA) service provides instant access to remittance, resulting in fewer errors, faster processing time, and improved cash flow.

Instead of manually entering information line-by-line and patient-by-patient, payments arrive directly into **CGM DAQbilling** with the allowed, applied, and adjustment amounts filled in.

Compare the EOB to the ERA, and post. Secondary and tertiary claims will be sent automatically, and if an EOB is required, the system will prompt you to scan it.

Below is a breakdown of what remittances would cost an average organization. **With CGM DAQbilling and ERA, you could save an additional \$530 per month, or \$6,360 annually.***
