

The Power Play for Practice Management

CGM MEDISOFT is a trusted and affordable practice management solution that simplifies the way you run your practice.

With each release, **CGM MEDISOFT** gets better. Even more powerful. Every year, we add new layers of functionality and usability.

Discover some of the benefits of upgrading to **CGM MEDISOFT** v30.

Flexible, online patient appointments and scheduling

New to CGM MEDISOFT v30, practices can offer online scheduling to meet rising patient expectations and help keep the daily schedule full.

With the flexible, online scheduling for CGM MEDISOFT, administrators can:

- Offer open slots by clinic
- Configure settings to control patient options, such as limiting a patient to scheduling a maximum number of appointments during a specified time period
- Designate days, times, providers, and available appointment types
- Automate scheduling or require administrative approval
- Allow patients to add themselves to the Wait List

Create a better patient journey with CGM MEDISOFT v30. Leverage online appointment scheduling and offer a modern, patient-focused experience.

Improved patient statement delivery preferences

CGM MEDISOFT v30 gives you more control over patient statements by letting you set individual delivery preferences for each patient—email, text, or paper—that seamlessly carry over to the eMEDIX clearinghouse.

With this enhancement, your practice can meet patient expectations for convenience and keep communications clear.

Once preferences are set, our eMEDIX statement service automatically delivers statements based on each patient's choice, reducing administrative hassle and improving satisfaction. This streamlined process ensures that your statements reach patients in their preferred way, supporting faster payments and a better overall experience.

Easier online patient payments

With CGM MEDISOFT v30, you can add a QR code to patient statements, making payments easier than ever. When patients scan the QR code, they're instantly taken to a secure, mobile-friendly online payment page—no manual entry required.

This convenient feature, available in conjunction with our eMEDIX clearinghouse, streamlines the payment process, reduces barriers for patients, and helps your practice get paid faster.
