

# ELECTRONIC BILLING & REMITTANCE

**CGM SCHUYLAB**

Laboratory Information System

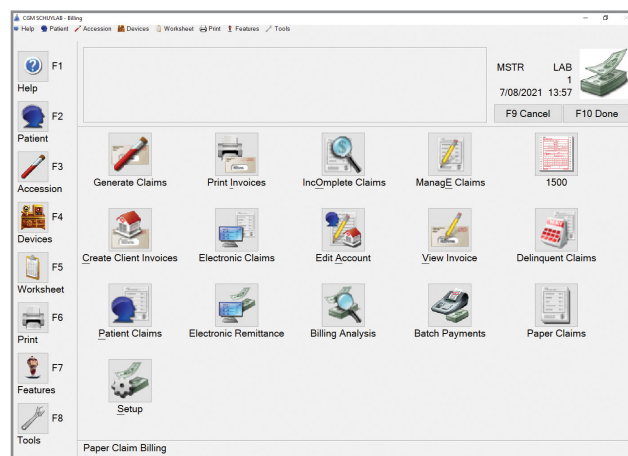

Keep your billing process safe within the walls of your own castle. **CGM SCHUYLAB** offers a fully integrated, in-house billing solution with options for **Electronic Billing** and **Electronic Remittance**.

Only bill for what tests are actually performed in **CGM SCHUYLAB**. Eliminate omissions and double billing.

With the billing option implemented, **CGM SCHUYLAB** uploads claims to a clearinghouse and receives electronic remittance from insurers and consolidators. Speed up the reimbursement process with a solution that your staff can manage in-house.

## Many Ways to Bill

- Government insurance (CMS, Medicare/Medicaid): direct electronic billing and remittance
- Insurance companies: direct electronic billing and remittance
- Billing consolidators: direct electronic billing with data that allows separation of different types of billing at the consolidator level of management; remittance
- Client invoicing: direct paper invoicing of clients, management of client accounts
- Patient billing: direct patient billing

The screenshot displays the CGM SCHUYLAB software interface. At the top, it shows patient information: 'Test Patient', 'ID: 000022318', 'One Health Service @ 2 WEST', 'DOB: 1/01/2001 20', and 'Other ID: 123456789123456'. The date '7/08/2021 14:00' is also visible. Below this, there are fields for 'Claim: 284', 'Bill Type: INSURE', 'Payor: INSURE1', and 'Status: OPEN'. There are checkboxes for 'Paper', 'Employment', 'Accident', and 'Homebound'. A table shows financial details: 'Charged: 24.00', 'Paid: 0.00', 'Wrote off: 0.00', 'Adjusted: 0.00', and 'Balance: 24.00'. A table with columns 'Date', 'Type Code', and 'Description' contains one entry: '6/21/21 Chg 85024 CBC'. On the right, there are buttons for 'Charge', 'Payment', 'Write Off', 'Adjust', 'Necessity', and 'Price \$'. At the bottom, there are buttons for 'Patient', 'Accession', 'Find Claim', 'Results', 'Prior', and 'Next'.
