

SOFTWARE OPTIONS

Whether your business is growing or simply requires additional functionality, **CGM webPRACTICE** offers unique, add-on solutions to meet your needs. Discover powerful **CGM webTOOLS** and other software options below.

CGM ECOLLECTIONS

Manage delinquent accounts more effectively. Automate your collection letters to save administrative time and collect more of your missing revenue.

CGM webCODER

Decrease coding-related claim rejections. Enable automatic updates to ensure you have the most accurate, current coding and compliance information available.

This claim scrubbing tool delivers National Correct Coding edits for bundling and unbundling issues and appropriate use of modifiers in real-time. It also provides up-to-date CMS program memos and other government communications, ICD, CPT and HCPCS information, ICD-CPT linking, and RVU sequencing.

CGM webSCAN

Save time and improve your data accuracy. CGM webSCAN scans drivers' licenses and insurance cards and automatically generates structured data in the relevant patient demographic fields—names, addresses, phone numbers, birth dates, and insurance details—in CGM webPRACTICE.

This intelligent technology complements Direct Scanning. The Direct Scanning option lets users scan and attach additional images to a record.

CGM webVERIFY

Verify patient eligibility for a single, individual inquiry during registration, or for a group of records with this helpful CGM webTOOL. Easily retrieve accurate, real-time patient insurance eligibility and benefits information for most health plans.

CGM CONNECTION

Reduce appointment no-shows with CGM CONNECTION. Improve patient engagement and fill your schedule with blast-messaging options and customizable text, email, and phone reminders.

CGM PAY

Improve payment velocity with electronic payment integration including online bill pay, payment plans, and more. Save time and improve data accuracy with the PCI-compliant CGM PAY option for CGM webPRACTICE.

Many of the options for **CGM webPRACTICE** work together to ensure that your claims process is mistake-free and your collections are fully realized.
