

Exhibit E: Third-Party Terms and Conditions

FairCom Database

CGM SCHUYLAB may utilize the FairCom c-tree product, which has the following requirements:

Portions copyright 1992-20XX FairCom Corporation. "FairCom" and "c-treeACE" are trademarks of FairCom Corporation and are registered in the United States and other countries. All Rights Reserve.

1. Deployment.

Each copy of the FairCom Technology deployed will be authorized for use on only one (1) machine at a time.

2. Export.

Export restrictions shall be materially the same as the restrictions contained within Section 7.3 (Export Restrictions) of FairCom Restricted License and Distribution Agreement.

3. Warranty.

The FairCom Technology (or third-party software), is licensed "as is" and FairCom (or third-party software supplier) disclaims any and all warranties, whether express or implied, including, without limitation, any implied warranties of merchantability or fitness for a particular purpose to all persons or users.

4. Liability.

Licensee's sublicensee unconditionally, irrevocably and completely releases FairCom (or third-party software supplier) from any and all liability, damages or claims.

5. Limited Use.

The FairCom Technology (or third-party software) is authorized for use only with the Application licensed by Licensee. Renting, leasing or sharing of the FairCom Technology (or third-party software supplier) is prohibited. Redistribution of the FairCom Technology (or third-party software) in any form or for any purpose is prohibited.

6 Notification.

Sublicensees or other third-parties must be notified that portions of Licensee's Application includes third-party software that is subject to and subordinate to a separate license agreement between Licensee and FairCom (or third-party software supplier) including all the terms, conditions, limitations, restrictions and disclaimers therein, but that such sublicense or other third-party is not a third-party beneficiary thereof and cannot enforce the terms of the Agreement between FairCom (or third-party software supplier) and Licensee.
