# NEVER STRESS OVER HIPAA AGAIN

Abyde helps navigate independent medical practices through the complexities of implementing HIPAA compliance programs, letting doctors and staff focus on patient care and profitability.

We are a partner to our providers - with the right training, tools, and intuitive design to make HIPAA more meaningful and your risk analysis program more manageable.

RESPONSIVE AND INTUITIVE
Designed to simplify the complexities of HIPAA, Abyde's intuitive application makes the process seamless with conditional questions, simple notifications, and features designed to enhance efficiency.

CUSTOMIZED POLICY GENERATION
Get unique, customized policies generated specifically for your practice that cover exactly what you need - and eliminate unnecessary paperwork that you don't.

DITCH PAPER AND GAIN EASY ACCESS
Toss out bulky HIPAA manuals in favor of our cloud based, access anywhere solution that provides the right access right when you need it.

MEET MACRA/MIPS REQUIREMENTS
Abyde's automated risk analysis helps you quickly meet MIPS and MACRA incentive requirements while educating your practice.

AUDIT PROTECTION
Rest easy knowing you'll have the full support of Abyde's trained HIPAA specialists to walk you through the audit process.
